General Information

Priority axis 4: sustainable development of fisheries areas

Article 44

Eligible measures

1. Support for sustainable development of fisheries areas may be granted for:

-
-

(c) diversifying activities through the promotion of multiple employment for fishers through the creation of additional jobs outside the fisheries sector;

Definition

Diversification in the fisheries sector is rooted in the promotion of alternative and/or complementary economic activities (with regards to extractive fisheries) that allow to improve the economic growth and employment rates of fishing areas.

Economic Diversification

Economic Diversification is only Pesca-Turismo?

NO

Many others activities has been identified so far:

- 1. Pesca Turismo**
- 2. Pesca Natura**
- 3. Ictiturismo or *Itturismo***
- 4. Guardians or caretakers of the sea**
- 5. scientific cooperation**

“Sub working group”

Creation of a “Sub working group”

Objectives

- 1. Identify the different activities of economic diversification in all regions.**
- 2. Agree and establish a common definition of the activities identified.**
- 3. To assess the socio-economic profitability of each of the activities.**
